

EU Project Specific Support Action “Young Train”

Opportunities for Animal Scientists
in
Meat Quality and Safety

Young Train

“Training and mentoring early career scientists from candidate, associated and Mediterranean countries in a whole food chain approach to quality and safety”

Coordinated by: EAAP with
NFC, (Ireland); IRTA (Spain); UNKA and CFRI (Hungary), ILRT (UK), FIRAT (Turkey), AIS (Slovenia), Baltic Genof (Lithuania), IAV (Morocco)

Young Train

- Involves: 40 Early-Career Scientists (5 – 10 yrs post graduate experience).
- From 22 countries:
 - Newly entered
 - Central and Eastern European Countries
 - Mediterranean basin
 - CIS
- Specific Support Action for 34 months.

Young Train Outputs

- Trained and aware scientists able to participate and contribute to networks
- RTD ideas and proposals for collaboration and submitting to FP7
- eLearning materials for wider dissemination of project outputs

Young Train

- Training to provide awareness of EU research and the challenges of the whole food chain approach.
- Training in presentational and eLearning techniques to assist in the further dissemination
- Workshops to develop research proposals later to be submitted as full RTD proposals to the EU.
- Round Table/ Symposium in Antalya on Meat Quality and Safety
- eLearning materials developed for dissemination, supported by networks.
- Four regional dissemination events

Young Train

Significant opportunities for EU ‘neighbouring’ countries in FP7 and European Research Networks
